## ROUGH HOUSE IN STATE SENATE

Cammitti Is Ordered From  
Chamber for Refusal to Obey  
Wallace's Gavel

WORKS' PRESIDENTIAL  
TERM BILL MADE ROW

Senator Anderson Would Ex-  
tend Pre-Nuptial Notice;  
Wages for Convicts

SACRAMENTO, Jan. 31.—Disorder and excitement reached the highest pitch in the Senate today, culminating in Lieutenant Governor Wallace ordering Senator Cammitti removed from the chamber. The trouble came during the debate on the Sanford resolution endorsing the Works six-year term for the President. Five senators took the floor simultaneously, and continued clamoring despite Wallace's gavel. Cammitti, who was recognized, refused to be seated when Senator Gates rose to a point of order. When the Senator refused to sit down, Wallace ordered the sergeant-at-arms to remove him. After Cammitti had passed out, Wallace suggested that he be brought back. Sanford moved a roll call, which necessitates all members being in their seats. The roll call motion was defeated, the Progressives supporting Wallace, the others voting for the roll call.

Dead silence fell over the heretofore riotous chamber when Cammitti was ousted. The senators evidently awaited the anti-climax that did not come. Lieutenant Governor Wallace, speaking from the chair, explained that he had not ordered Cammitti under arrest, as the impression throughout the chamber seemed to be. He said several members had used that word during the discussion, and that it was possible the inference arose there. He said he merely ordered Cammitti removed or seated. The session was strangely subdued throughout the remainder of the afternoon.

WOULD MAKE WOULD-BE  
WED COUPLES WAIT  
FOR FOURTEEN DAYS

SACRAMENTO, Jan. 31.—Senator Anderson of Santa Ana announced today that he will seek to amend Senator Cassidy's bill, which would compel couples seeking marriage to wait seven days after getting a license. Anderson would make it fourteen days. The date for action on the amendment was not announced by Anderson.

Would Pay Convicts Wages  
Fostered by the State Board of Prison Directors, a bill providing for the payment of wages to all convicts at San Quentin and Folsom, has been introduced into the legislature. It aims primarily at financial relief for the wives and children of penniless convicts.

The board also proposes a law providing for indeterminate sentences between the maximum and minimum, thereby relieving the judges of discriminating in sentences, leaving the term to the degree of the prisoner's conduct and industry.

A third bill proposes \$35,000 for the aid of discharged and paroled prisoners.

## LORDS REJECTED HOME RULE BILL

LONDON, Jan. 31.—As was generally expected, the house of lords last night rejected the home rule bill by a vote of 326 to 67. Mr. Gladstone's home rule measure in 1893 was beaten by the lords by a vote of 419 to 41. The final debate, which was earnest and restrained, was well attended. The house was crowded throughout the discussion, as is rarely the case, particularly in the last two hours. The peeresses' gallery was thronged with women in evening dress, who were glittering jewels. A score of bishops, who seldom attend the session of the house, participated in the discussion and the great majority of them voted against the bill.

The Marquis of Lansdowne, for the opposition, and Viscount Morley, for the government, wound up the debate. The Marquis of Lansdowne contended there was no analogy between colonial and Irish autonomy. Lord Morley commented on the difference in the temper of the past and the present home rule bills. He said that now there was none of the ferocity which had been shown in the debates of 1886 and 1893.

## Marshall Black Pleads Guilty On two Counts

SAN JOSE, Jan. 31.—Ex-State Senator Marshall Black, the former head of the Palo Alto Building and Loan Association, pleaded guilty on two counts for embezzlement of funds of that institution when he was arraigned today in the superior court. Sentence will be pronounced later. Under the law he is liable to imprisonment from one to ten years.

## NOW'S THE TIME WHEN MUCH GOOD MONEY CAN BE SAVED

The time of year has come when there are bargains in the stores on every hand. Merchants simply have to turn their stock into cash. If they didn't they would have no room to show goods, and they would have to borrow money at high rates of interest. Consequently they will sell at low rates.

And there are other reasons for selling cheap. On any kind of goods where styles change, and that includes about everything nowadays, a merchant would rather take a low price today than carry them to next season and find that on account of some whim in fashion they are outlawed.

The columns of this newspaper are a directory of bargains. The merchants who have offerings to make that you can't afford to ignore are telling the public through these advertisements about the sacrifices they are making. Time spent in studying their offerings will pay for itself a hundred fold in making your selections.

The habit of reading the newspaper advertising is so universal that few people need to be urged to note what the merchants are saying about their stocks. Here and there is a merchant who has not realized how hopeless a process it is to clean out an old stock without the help of the newspaper.

Nothing comes nowadays unless you get out and go after it. The public are listening, but it expects the merchant to take the initiative. A dealer who does not advertise is looked at as not having enterprise enough to protect the interest of the public, and to give them goods at bottom values.

## CANADA IS ALSO GRIPPED BY TRUSTS

Liberal Member of Parliament  
Charges That 23 Men Dominate  
Dominion

SAYS SAME EVIL FORCE  
AS RULES U. S. IS THERE

Fights Canadian Bank Bill as  
Factor That Will Strengthen  
Trusts

OTTAWA, Ont., Jan. 31.—Charging that a score of men practically dominate the industry and financial activities of Canada, and that the baneful influence of the American money trust is easily paralleled here, Hon. E. H. Merson, Liberal, attacked the new Canadian bank bill when it was called for second reading in the House of Commons today. He said: "We Canadians have come to a condition of affairs where twenty-three men control our transportation, industrial and financial institutions. These men as directors control one hundred and twenty-one Canadian corporations. Nine live in Toronto, thirteen in Montreal and one in London. The same evil forces are working here as in America. This measure if passed will accentuate the grip the money kings have on the country."

## HE WILL NAME OWN CABINET

So Says President-Elect Once  
More, Following Latest Ap-  
pointment Story

PHILADELPHIA, Jan. 31.—Angered by the morning paper report that he has definitely decided to name W. J. Bryan Secretary of State and has named him to that effect, President-elect Wilson, who came here to visit the family dentist, declared that he will name his own cabinet when the time comes.

"I notice the papers definitely declare Mr. Bryan will be Secretary of State," he said. "I want to say right here that I did not send a message to him by Colonel House as the papers say. As to the story based on the fact that I could not recall the names of other men suggested to me for the position, they had no right to make such inference. I want it distinctly understood that I am not limited by any suggestions in choosing my cabinet. I reserve the privilege of making suggestions myself."

He says the cabinet situation is unchanged, as he has made no decisions.

## DARROW CASE IS ON WITH FULL JURY BOX

Atty. Ford Outlines What the  
Prosecution 'Hopes to Prove'  
in Case

LAWYERS CLASH EARLY  
IN THE BIG LEGAL GAME

Court Rules For Defense; Mrs.  
Darrow on Verge of Hysteria  
During Trial

LOS ANGELES, Jan. 31.—Assistant District Attorney Ford today outlined to the jury secured yesterday the points he hopes to prove against Clarence Darrow, on trial on the charge of bribery of McNamara Juror Robert Bain. His first clash was with Earl Rogers, chief defense counsel, when he asserted that he will have George Lockwood testify that Darrow attempted to bribe him. Rogers objected on the grounds that Darrow had once been acquitted on this charge. The court expressed the belief that Attorney Ford was going beyond his rights. The present indictment contains two counts, charging the alleged bribery of Bain and the causing of Bain to be corruptly influenced. Ford said he would produce witnesses to testify on both counts, and that the jury might convict on either.

At this juncture Earl Rogers leaped to his feet and demanded to know whether Ford was making a statement, or outlining what he hopes to prove. Ford poured a glass of water, calmly drained it, then turning to Rogers said: "What we hope to prove."

"Then say so," shouted Rogers, "and don't make it in the form of an argument." Several times the court was compelled to restrain counsel during objections and replies as Ford was speaking. Ford, explaining his desire to have Lockwood testify, said he would try to prove many things including "that Darrow bribed Mrs. Orlie McManigal and George Behm, the latter McManigal's uncle, to urge McManigal to retract his dynamiting confessions; that Darrow sought to corrupt important witnesses in the McNamara trial; that Darrow instigated a scheme to defeat the ends of justice in that trial."

Clerk George Monroe of Judge Bordwell's court, where the McNamaras were tried, was the first prosecution witness. He identified the McNamara indictment. During the proceedings, Mrs. Darrow wept violently, and was dangerously near hysteria.

The final jurors in the case were secured yesterday afternoon. Robert Bain, whose alleged bribery resulted in the Darrow trial, then took the stand. Queried by the prosecution he recited the incidents of his alleged bribery by Bert H. Franklin, the detective whom the prosecution will endeavor to prove was working under the order of Darrow.

The Jurymen

Silas Setchell, music teacher, El Monte; Walter F. Arms, retired mining engineer, Los Angeles; George C. Hempel, rancher, Lankershim; William H. Earnest, rooming house proprietor, Pasadena; Byron E. Street, rancher, Claremont; R. A. Burner, rancher, Duarte; N. H. Hughes, rancher, Norwalk; H. J. Robinson, butcher, Los Angeles; David Dunn, artist, Florence; Frank M. Sanderson, walnut grower, Whittier; Sylvester Grant, retired contractor, Los Angeles; Fred S. Pettengill, contractor and builder, Hollywood. The thirteenth of alternate jurors is J. T. Suffran, retired farmer and contractor, Pasadena.

## MAN CLUBBED BY BOOTBLACK TURNS OUT TO BE THIEF WHO SOLD COSTUMES OF TWO PAGES

Jack Hash, who claimed to be an actor, turns out to be a bad actor but not of the stage kind. He turns out to be a petty thief hobo. So Jack Hash was taken to jail last night, in which institution Sam Kokas, boot-black, was placed yesterday morning for having Hash over the head with a foot-rest from Tom Karas' boot-black stand on East Fourth street. Hash's partner, an Italian named Marcello Carello, was picked up on the street by City Marshal Jernigan, and he, too, was taken to the county jail to await developments.

City Marshal Jernigan has been unable to find any place that Hash has been working. He has learned that for some time past Hash has been sleeping in the old cannery building on East Fourth street. He also has learned that the costumes sold by Hash to Steve Serey, a Spanish boot-black employed by Tom Karas, for \$3 are the costumes that were worn by the pages to the queen in the last Carnival of Products.

Hash told the shoe-shiners a story about his occupation as an actor. He hated terribly to part with these costumes. One had belonged to his own dear brother, and the other was Hash's. The two brothers used them in a vaudeville stunt. The brother

## TURKEY CALLS ACTION AGAINST PEACE ENVOYS HOME ROOSEVELT FAILED

Gets Busy and Destroys Three  
Greek Warships — Young  
Turks Placate Mutineers

CONSTANTINOPLE, Jan. 31.—The porte today ordered the Turkish peace envoys at London to return to Constantinople forthwith. This summary withdrawal of the Turkish envoys after the Balkan allies had agreed to each leave one envoy here is regarded as a retaliation for the allies' precipitate denunciation of the peace armistice.

Destroy Three Greek Warships  
CONSTANTINOPLE, Jan. 31.—The Turkish cruiser Hamidieh attacked and destroyed three Greek warships in Stampalia harbor, Island of Sporades.

YOUNG TURKS SUBDUED  
INTERNECINE STRIFE

BERLIN, Jan. 31.—All danger of further internecine war in Turkey has abated, according to Constantinople dispatches received here today. They say the young Turks have subdued the mutineers at Tchatalja, preventing a proposed march against Constantinople. The young Turks have promised amnesty to all who will return for future co-operation.

## NEVADA SENATE FOR SUFFRAGE

RENO, Nev., Jan. 31.—There is joy and gladness in the votes for women ranks of this state, for their second battle for the enfranchisement of their sex in this state has been fought and won, the senate passing the equal suffrage amendment yesterday by a vote of 19 to 3. The house passed it a few days ago with but two members opposing.

The previous legislature two years ago took the first step, when both houses passed the bill. Under the state constitution a second and similar action by succeeding legislatures must give it a second adoption, when the provision of the bill, that of placing the question before the people at the next general election, is made effective, and the third step, that of the people's vote, shall determine whether Nevada shall join in the advancing movement of sister states.

The Ladies' Auxiliary of the Church of the Messiah will give their annual tea in the parish rooms on Shrove Tuesday, February 4, 1913, from 2:30 to 5. A short program will be given and a silver offering taken.

## MARTIN PROPOSES CITY TO CITY FLIGHT BY AEROPLANE

If plans under consideration by Glenn L. Martin develop, a circuit flight will be made by him the middle of this month. It is proposed that he start from Santa Ana, carrying with him fruit and vegetables not harmed by the frost, stopping at Orange, Anaheim and Fullerton, and fly to Pomona, and from that point to other Southern California cities, returning to Santa Ana.

A Pomona dispatch says: "POMONA, Jan. 30.—Pomona business men have united in a campaign for a chamber of commerce, and will merge the present Board of Trade and the Business Men's association into the larger organization at a banquet to be held February 12. On that date a celebration will be held and Glenn L. Martin, the aviator, will fly here from Santa Ana and Fullerton, bringing with him products from those cities to be served at the banquet."

"He will then carry products of the Pomona valley to other cities around the Kite. Prominent men of Southern California will be invited to the celebration, and a number of speakers from Los Angeles and other cities will give addresses."

## FLAT SALARY BASIS THE RULE

Bill Proposing a Number of  
Changes at Courthouse Has  
Been Introduced

SEVERAL SALARIES  
ARE DROPPED DOWN

Some of the Offices Go Through  
Without Any Changes  
Being Made

"Sacramento, Jan. 30, 1913.

To Register.

"County government bills recommended since frost by county committee introduced without change. They will remain in committee without action until after interim when any alterations may be made to comply with any changed conditions. Senate adopted resolution to adjourn Saturday twelve noon, when legislature will adjourn if Assembly concurs."

"JOHN N. ANDERSON."

State Senator J. N. Anderson of Santa Ana has introduced two county government bills into the legislature. The first, known as the temporary bill, provides for several changes to take place ninety days after the adjournment of the legislature and to remain in effect until the first Monday in January, 1915. The second bill, known as the permanent bill, will go into effect on the first Monday of January, 1915.

The permanent bill also aims to put most of the county officers upon flat salaries. That is, the principal shall be paid a certain sum in compensation for his own work, and shall be given enough additional help in the way of deputies to run the office, it being intended that he need not spend any of his salary for the maintenance of his office. In following out that plan radical changes are proposed in the offices of the clerk, sheriff, recorder, and assessor, and the offices of treasurer and tax collector are to be consolidated. The measure takes the fixing of the salary of the stock inspector out of the hands of the supervisors, and reduces it from \$1500 a year to \$900.

The only other changes to be made by the temporary bill are to add a court clerk for the new court at a salary of \$1200 a year, to add a new bailiff to the office of the sheriff at a salary of \$1000 a year, to add two field deputies to the office of assessor at a total cost of \$1040 per year, to add \$500 per year to the expense money allowed the tax collector; to add a stenographer at \$720 per year and to add \$300 a year for attorney hire for the district attorney's office, and to raise the salary of the deputy superintendent of schools from \$50 a month to \$65, it being understood that she shall continue to draw \$10 a month as librarian.

Clerk's Office

At present the county clerk gets \$3250 a year, from which he pays whatever help the office needs in addition to the help of one court clerk. For months past the clerk has employed a stenographer. The permanent bill provides a salary of \$2200 a year for the clerk, provides a \$1200 deputy for each superior court and a stenographer at \$75 a month. As now seven and a half cents per name will be paid to deputies who register voters outside the clerk's office.

Sheriff \$2500

At present the county clerk gets \$4000 a year and pays his under-sheriff and stenographer. The new bill provides a salary of \$2500 for the sheriff, allows him a \$1000 deputy for each court, and a stenographer at \$500 a year. It seems that at first it was proposed to suggest \$900 a year for the stenographer, but that would run the total salaries of the office \$400 above what is now paid, so \$400 was taken off the stenographer's proposed salary. In addition, the office gets a jailer at \$1000 a year, as now. The sheriff will be allowed such mileage and fees as allowed now.

Fees to the County  
As recommended by the county central committee, the measure will take the recorder's office off of a fee basis. The bill proposes \$2000 a year salary, and provides three deputies, two at \$75 a month and one at \$60, as recommended by the central committee. At present the recorder gets \$1500 a year salary and certain fees in addition, and pays his own deputies, which now number five.

Cuts the Auditor

The bill cuts the salary of the auditor from \$2000 a year to \$1800 and

## Birthday Surprise

Daniel Walters of Fairhaven street was surprised on his birthday last Sunday. His children from Riverside and San Bernardino came in unexpectedly on Saturday night. They were Mr. and Mrs. Jas. Vale and son Floyd from San Bernardino, and Mr. Mrs. Wm. Walters, their son Milton, and Mrs. Noll from Riverside. The next morning a sister-in-law, Mrs. Mary Brown, and nephew, Geo. Silbey, came down from Los Angeles. Mrs. Shuster from Iowa accompanied Mrs. Brown.

They all enjoyed a fine dinner to gether and Mr. Walters received several appropriate remembrances, among them a package by parcels post from an absent son in San Francisco.

## Berean Bible Class

On last Tuesday afternoon the Women's Berean Bible Class of the Presbyterian church held a meeting for the purpose of having the Tustin women meet Mrs. McLaughlin, wife of a returned missionary from the Philippines.

The president of the class, Mrs. Marshall, and the teacher, Mrs. Eells, were present. Mrs. F. H. Spence in a short opening speech to quite a good audience of ladies, introduced Mrs. McLaughlin, who had with her many interesting and beautiful pieces of work wrought by the hands of the people of that country and gave an interesting recital of some of her experiences in her thirteen years of life in the Philippines. By means of some very fine photographs, she gave an idea of the conditions when they first went there as missionaries and some of the things which were accomplished during their stay. The most important work of the women missionaries was to train the young women as nurses and teach them how to care for the sick and for young children.

After the address by Mrs. McLaughlin the ladies were invited to

the dining room and seated at inviting tables were all served with coffee, sandwiches and delicious cake of several kinds. All the women of the Berean Bible Class had a hand in the serving.

## To Succeed as President

At the special meeting of the Ebell Society at the Elks' club house in Santa Ana last Saturday afternoon, which was get-acquainted-day for the Ebell Society, Mrs. J. W. Bishop resigned from the presidency and Mrs. Samuel W. Nau of Tustin succeeded to the presidency of that society.

On Saturday Mrs. H. Romar will take a party of the Tustin section to Anaheim to a meeting of the Ebell Society, Saturday being Receptivity Day for that organization.

## Tustin Twelve Reception

Mrs. Joe Skinner of Escondido, a former resident of Tustin, and also a member of the Tustin Twelve, has been visiting her friends, Mr. and Mrs. Phil Smith, and was given a reception by them last Saturday night, to which all the members of the Tustin Twelve and their husbands were invited.

Many merry games had been planned for the entertainment of the guests, which they all enjoyed immensely, and Mrs. Chas. Johnson and Mrs. F. H. McElree contributed several charming musical numbers both instrumental and vocal.

Sweet violets and graceful smiles in decorations and individual trays of delicious refreshments served by the hostess were also notable features of this enjoyable occasion affording Mrs. Skinner the opportunity of meeting old friends and the club members a change from the regular club meetings, which occur in the afternoon.

Those present were Messrs. and Mesdames Arthur Hoefer, Geo. Polard, Fred Poole, I. F. House, B. F. Nimmo, Chas. Johnson, Fred Moorehead, J. C. Stearns, Mrs. F. H. McElree and Huffman.

## Missionary Meeting

A missionary meeting of the ladies of the Advent Christian church was held last Tuesday afternoon at the home of Mrs. J. H. Brown. There was quite a good attendance and a very interesting program.

Mrs. Harry Hanson of Santa Ana read an interesting paper on missions, and Mrs. Brown gave a talk on Roberts College on the Bosphorus, and there were other very instructive articles of like nature.

The hostess served delicious refreshments.

## C. E. Meeting

The regular monthly business meeting of the Christian Endeavor Society will be held at the Presbyterian manse next Friday night. All the members are urged to be present. The county president will meet with them on that evening.

## Meeting of Embroidery Club

A meeting of the Richardson Embroidery Club was held with Mrs. Fred Currier. Some interesting studies in embroidery engaged the attention of the ladies and they were also entertained with music.

Several different kinds of delicious candy was served by the hostess. Those present were Mesdames E. M. Lawrence, E. C. Heaton, E. J. Cranston, Sarah Moores, C. I. Scheeh, J. W. Weiselogel, F. M. Hardcastle and Miss L. M. Wahlenburg, and Mrs. M. E. Livingston of Orange.

## MULE'S KICK MADE HIM \$3805 RICHER

Oklahoma Farmer's Memory of Lost Bank Deposit Restored by Kick on Head

ENID, Okla., Jan. 31.—John Allen, a farmer living near here, lost faith in the banks during the panic of 1908, withdrawing \$3805, and buried it in his pasture.

A few days afterward he was seriously injured in a runaway accident and as a result lost his memory, so far as the resting place of the money was concerned.

Last Saturday, while Allen was hitching up one of his mules, the animal suddenly kicked him on the side of the head and for some time Allen was unconscious.

He was sent to a Kansas City hospital for treatment and the physicians removed a piece of his skull. With the removal of this piece Allen at once recovered his memory and when he returned to Enid yesterday went at once to the pasture and located the stones which marked the burial place of the treasure and, digging, found the money safe where he had placed it.

## MAN INJURED IN RUNAWAY

FULLERTON, Jan. 30.—While returning from Anaheim, J. H. Clever, a pioneer resident of Fullerton and former city trustee, was thrown from his wagon and badly injured in a runaway. His rig was passed by an auto, frightening the horses. He was picked up by passersby and taken to the Anaheim Sanatorium, where the doctors found that his shoulder blade and jawbone were both fractured, and other cuts and bruises of a less serious nature. Clever is nearly 70 years of age.

Out of an assessment of \$57,050, levied as a special tax for a sewer system in this city, only \$50 went delinquent, which shows that Fullerton is prosperous. Cash to the amount of \$30,862.65 was paid in immediately and the remainder was paid up in bonds.

The Christian Science Society of Fullerton has commenced the erection of a small church building, 24 by 40 feet, on East Amerige avenue.

Perry Woodward, who has been a resident of Fullerton for many years, has been appointed deputy county assessor for this district, succeeding R. S. Gregory, who resigned several weeks ago.

## MISSION PLAY

"Have you seen the Mission Play at San Gabriel?" is the most frequent question you hear in the lobbies of the Los Angeles hotels when the eastern visitors greet each other. The truth is that a larger number of easterners know more about this wonderful pageant-drama by John Steven McGraw than do our own home people. The great railroads have voluntarily spread the news of this Passion Play of California.

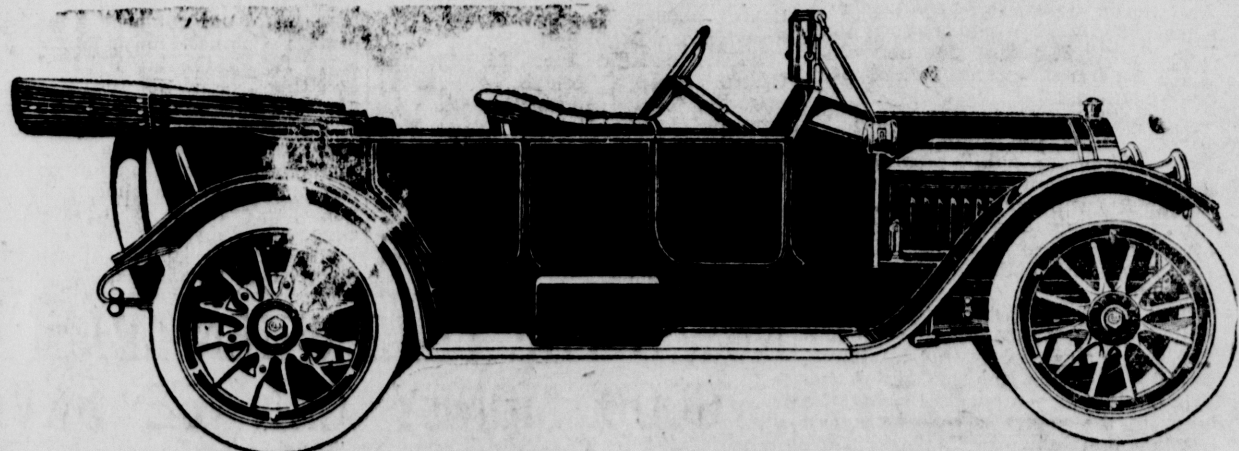

The Southern Pacific has recognized the high character of this play and is sending to every one of its agents throughout the world a three-quarter-sheet lithograph, reproducing two scenes from the play, the one at the top being the scene where Father Junipero excommunicates Commandante Rivera and at the bottom, a group of Spanish dancers from the fiesta scene in the second act. Between these two pictures is an announcement of the opening of the second season of the Mission Play, done in large lettering. The whole is on heavy map paper with a flesh-colored surface and is a very handsome example of the lithographer's art.

Sixty-five thousand of these have been sent out by this railroad. In addition to this, the Southern Pacific and several other transcontinental roads are carrying announcements in their folders and other railroad literature which helps to spread the news of California's unique contribution to dramatic art.

A special excursion will be run from Santa Ana Tuesday, Feb. 11.

#### E.P. RYLAND HEADS STATE FEDERATION

Protestant Churches Unite in Big Plans for Forwarding Religious Interests

Los Angeles Tribune: The Rev. E. P. Ryland, president of the Los Angeles Federation of Churches, has been selected as president of the newly organized State Federation of the Protestant church of California, and will lead that organization in an active program of work, which will include plans for evangelistic services during the exposition year of 1915 and a religious display at the expositions, as well as the advocating of many legislative matters on moral questions, including an active campaign planned for a rest day law.

Officers to serve with the Rev. Mr. Ryland in this state federation will be Dr. H. H. Bell of San Francisco, moderator of the United Presbyterian denomination, vice president; Lieutenant Governor A. J. Wallace, second vice president; the Rev. W. G. Gantz, pastor Highland Park Presbyterian church, recording secretary; J. E. White, San Francisco, executive secretary; Bishop William Bell, the Rev. William Horace Day and Dr. George White, members of the executive committee.

#### SEE IF YOUR CHILD'S TONGUE IS COATED

If Cross, Irritable and Feverish It Means Waste-clogged Bowels

No matter what ails your child, a gentle, thorough laxative physic should always be the first treatment given.  
If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that the little stomach, liver and bowels are filled with foul, constipated waste matter and need a gentle, thorough cleansing at once.  
When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.  
With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious fig taste.  
Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.  
Full directions for children of all ages and for grown-ups plainly printed on the package.  
Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

There will be a meeting of the patrons of Tustin school in the assembly hall Friday, Jan. 31, at 3 p. m. to discuss a new building or enlargement. By order of THE TRUSTEES.  
Santa Ana Painless Dentists, 102½ East Fourth St. Main 253.

#### BUILDING ACTIVITY AT ORANGE GROWING

Orange Post: G. L. Jackson is receiving bids for building a five-room bungalow; in connection with the usual suite of rooms there are to be many built-in fixtures and modern conveniences, including a large sleeping porch.

L. D. Gunther has started work on a six-room one-story bungalow on the east side of South Glassell street. This house is so arranged that the two rooms with bath can be rented separately if the one occupying the cottage desires to do so.  
Clate Stanfield of McPherson, is considering the subject of building at the present time. He has had plans drawn for a story and a half bungalow to contain eight rooms, bath, sleeping porch, cellar and other necessary features considered proper in a modern house.

Plans and specifications for the foregoing list of buildings were prepared by Architect C. B. Bradshaw of this city, who reports that work in the building line is improving and that everything points to a year of more than common interest in building activity in this section.

The Friends Society are planning to build a parsonage adjoining the church at El Modena. The cottage will have seven rooms, including a study for the pastor. The plans call for a building of moderate cost and very neat appearance; the rooms are pleasantly located and conveniently arranged for the site chosen, which faces the north.

H. Schaffert is having plans drawn for remodeling the Schaffert Block. The old front is to be given way to one of modern construction and design, which will consist of plate and prism glass set in copper bars, galvanized iron cornice, with pilasters of same. The wooden floor is to be taken out and one of cement laid in its place; iron columns are to be used instead of the wooden ones now in the building. When finished, Mr. Schaffert will have a handsome block which will compare very favorably with any now in the city.

S. P. Harris is remodeling his two-story house at Villa Park, formerly owned by the late Joel B. Barker and built by him thirty or more years ago from plans procured from the east. This building is of concrete construction, octagon in shape, with a cupola in the center of the roof originally; a wide porch extended entirely around the building. The changes made were to first remove the old porch and build a new one at the front and part way around two sides, also one at the rear; put an entire new roof on the house, which was done by using new rafters and boarding, covered with building paper and then with mission tile. Plaster pilasters were built at each corner of the house. The outside walls are to be coated with cream colored water-

#### GRAY FADED HAIR, OR BEAUTIFUL, DARK, ATTRACTIVE—CHOOSE, MADAM!

Says Sage Tea Mixed With Sulphur Restores Natural Color and Lustre

Gray, faded hair turned beautifully dark and lustrous almost overnight, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Hair Remedy" at drug stores here for about 50 cents. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

You just dampen a sponge or soft brush with Wyeth's Sage and Sulphur proof paint, which will harmonize well with the red roofing tile, and the brown stain used on the pergola timbers.

#### JAPANESE FINED \$25 BY RECORDER

C. Naruta, proprietor of the Jap pool-room on Sycamore street, between third and Fourth, paid a fine of \$25 in Recorder Willson's court late yesterday afternoon on the charge of allowing a minor in his place. Wednesday night Officer Ryan found Lester Warman, aged 14 years, in the place, and arrested both the boy and the Jap proprietor. The boy was fined \$3 by Judge Willson for frequenting the pool-room in violation of the ordinance.

Students at Home  
Another semester's work is completed at Occidental College and after a strenuous week of final examinations the Santa Ana people attending the Highland Park institution are enjoying a few days rest at home. The local students are: Misses Edith Tidball and Olive Hutchison; Messrs. Erskine Gall, Roy Warren, Chas. Tidball, John Henderson, Donald Smiley, Carson Smart.

Foils A Foul Plot  
When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c at all druggists.—Advertisement.

and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

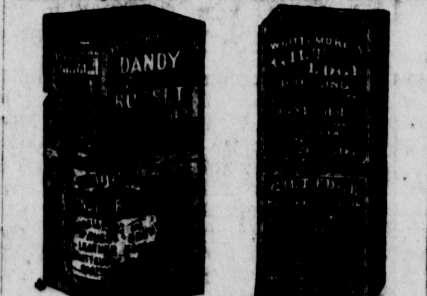

This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. Rowley Drug Co.—Advertisement.

#### RAN INTO THE REAR END OF AUTOMOBILE

P. E. Parsons, aged 60, was riding a bicycle yesterday evening and ran into the rear end of C. F. Newton's automobile standing on the street. Parsons was thrown, and received a severe injury to his breast bone. While there was no fracture, the man is confined to his bed.

## SOCIETY AND CLUBS

**Literature Section**  
The Literature Section will meet with Mrs. A. H. Stutsman next Tuesday afternoon.

**Osteopathy Graduate**  
Mrs. Sadie Humiston, daughter of Mrs. A. C. Gulick of First street, who has been studying the past three years at the Los Angeles College of Osteopathy, graduated with the class last Thursday evening, Jan. 13.

**Birthday Surprise**  
Daniel Walters of Fairhaven street was surprised on his birthday last Sunday. His children from Riverside and San Bernardino came in unexpectedly on Saturday night. They were Mr. and Mrs. Jas. Vale and son Floyd from San Bernardino, and Mr. Mrs. Wm. Walters, their son Milton, and Mrs. Noll from Riverside. The next morning a sister-in-law, Mrs. Mary Brown, and nephew, Geo. Sibley, came down from Los Angeles. Mrs. Shuster from Iowa accompanied Mrs. Brown.

**Berean Bible Class**  
On last Tuesday afternoon the Women's Berean Bible Class of the Presbyterian church held a meeting for the purpose of having the Tustin women meet Mrs. McLaughlin, wife of a returned missionary from the Philippines.

The president of the class, Mrs. Marshall, and the teacher, Mrs. Edith, were present. Mrs. F. H. Spence in a short opening speech to quite a good audience of ladies, introduced Mrs. McLaughlin, who had with her many interesting and beautiful pieces of work wrought by the hands of the people of that country and gave an interesting recital of some of her experiences in her thirteen years of life in the Philippines. By means of some very fine photographs, she gave an idea of the conditions when they first went there as missionaries and some of the things which were accomplished during their stay. The most important work of the women missionaries was to train the young women as nurses and teach them how to care for the sick and for young children.

After the address by Mrs. McLaughlin the ladies were invited to

the dining room and seated at inviting tables were all served with coffee, sandwiches and delicious cake of several kinds. All the women of the Berean Bible Class had a hand in the serving.

**To Succeed as President**  
At the special meeting of the Ebell Society at the Elks' club house in Santa Ana last Saturday afternoon, which was re-convened after the Ebell Society, Mrs. J. W. Bishop resigned from the presidency and Mrs. Samuel W. Nau of Tustin succeeded to the presidency of that society.

On Saturday Mrs. H. Romer will take a party of the Tustin section to Anaheim to a meeting of the Ebell Society, Saturday being Receptancy Day for that organization.

**Tustin Twelve Reception**  
Mrs. Joe Skinner of Escondido, a former resident of Tustin, and also a member of the Tustin Twelve, has been visiting her friends, Mr. and Mrs. Phil Smith, and was given a reception by them last Saturday night, to which all the members of the Tustin Twelve and their husbands were invited.

Many merry games had been planned for the entertainment of the guests, which they all enjoyed immensely, and Mrs. Chas. Johnson and Mrs. F. H. McElree contributed several charming musical numbers both instrumental and vocal.

Sweet viands and graceful smiles in decorations and individual trays of delicious refreshments served by the hostess were also notable features of this enjoyable occasion affording Mrs. Skinner the opportunity of meeting old friends and the club members a change from the regular club meetings, which occur in the afternoon.

Those present were Messrs. and Mesdames Arthur Hofer, Geo. Polard, Fred Poole, I. F. House, B. F. Nimmo, Chas. Johnson, Fred Moorehead, J. C. Stearns, Mrs. F. H. McElree and Huffman.

**Missionary Meeting**  
A missionary meeting of the ladies of the Advent Christian church was held last Tuesday afternoon at the home of Mrs. J. H. Brown. There was quite a good attendance and a very interesting program.

Mrs. Harry Hanson of Santa Ana read an interesting paper on missions, and Mrs. Brown gave a talk on Roberts College on the Bosphorus, and there were other very instructive articles of like nature.

The hostess served delicious refreshments.

**C. E. Meeting**  
The regular monthly business meeting of the Christian Endeavor Society will be held at the Presbyterian manse next Friday night. All the members are urged to be present. The county president will meet with them on that evening.

**Meeting of Embroidery Club**  
A meeting of the Richardson Embroidery Club was held with Mrs. Fred Currier. Some interesting studies in embroidery engaged the attention of the ladies and they were also entertained with music.

Several different kinds of delicious candy was served by the hostess. Those present were Mesdames E. M. Lawrence, E. C. Heaton, E. J. Cranston, Sarah Moores, C. I. Scheel, J. W. Welschogel, F. M. Harcastle and Miss L. M. Wahlenburg, and Mrs. M. E. Livingston of Orange.

**Mrs. Ada F. Champ, artist.** Oil water-color, china. Studio 115½ West Fourth Street. Lessons given.

**TUSTIN MAY HAVE NEW \$50,000 SCHOOL BUILDING**

Tustin is ambitious. A \$50,000 schoolhouse for this Syrian city is rumored.

A meeting is being held this afternoon of the patrons of the school to discuss either an entirely new school or an enlargement of the old one. The meeting, held in the assembly hall of the Tustin school building may mean big things to Tustin.

**HYOMEI INHALER FOR CATARRH?**

IF YOU OWN ONE

Then you ought to know that druggists everywhere will hand you a bottle of Booth's HYOMEI for only 50 cents. Pour a few drops of HYOMEI into the inhaler and start this very day to breathe the healing Balmic vapor and destroy the Catarrh germs.

With every package of Booth's HYOMEI comes a little booklet which explains how easy it is to end the misery of Catarrh and Croup. It is made of Australian Eucalyptus and contains no harmful drug.

But best of all Rowley Drug Co. is authorized to refund your money if you are dissatisfied. If you haven't the HYOMEI inhaler ask for the complete outfit, \$1.00. Just breathe it—no stomach dosing.—Advertisement.

**MULE'S KICK MADE HIM \$3805 RICHER**

Oklahoma Farmer's Memory of Lost Bank Deposit Restored by Kick on Head

ENID, Okla., Jan. 31.—John Allen, a farmer living near here, lost faith in the banks during the panic of 1908, withdrawing \$3805, and buried it in his pasture.

A few days afterward he was seriously injured in a runaway accident and as a result lost his memory, so far as the resting place of the money was concerned.

Last Saturday, while Allen was hitching up one of his mules, the animal suddenly kicked him on the side of the head and for some time Allen was unconscious.

He was sent to a Kansas City hospital for treatment and the physicians removed a piece of his skull. With the removal of this piece Allen at once recovered his memory and when he returned to Enid yesterday went at once to the pasture and located the store which marked the burial place of the treasure and, digging, found the money safe where he had placed it.

**FOURTH ADVANCE IN CRUDE OIL IS MADE YESTERDAY**

PITTSBURGH, Jan. 31.—The fourth successive advance in crude oils was recorded when the Southern Pennsylvania Oil Company announced its prices at the opening of business yesterday. As on every other day this week the price was lifted 7 cents a barrel, bringing Pennsylvania crude to \$2.33 and other grades to the following prices: Mercer black, Cornish and Newcastle, \$1.86; Cabell, \$1.93; Somerset, \$1.32. There was no change in Ragland from 70 cents.

**MISSION PLAY**

"Have you seen the Mission Play at San Gabriel?" is the most frequent question you hear in the lobbies of the Los Angeles hotels when the eastern visitors greet each other. The truth is that a larger number of easterners know more about this wonderful pageant-drama by John Steven McGroarty than do our own home people. The great railroads have voluntarily spread the news of this Passion Play of California.

The Southern Pacific has recognized the high character of this play and is sending to every one of its agents throughout the world a three-quarter sheet lithograph, reproducing two scenes from the play, the one at the top being the scene where Father Junipero excommunicates Commandante Rivera and at the bottom, a group of Spanish dancers from the fiesta scene in the second act. Between these two pictures is an announcement of the opening of the second season of the Mission Play, done in large lettering. The whole is on heavy map paper with a flesh-colored surface and is a very handsome example of the lithographer's art.

Sixty-five thousand of these have been sent out by this railroad. In addition to this, the Southern Pacific and several other transcontinental roads are carrying announcements in their folders and other railroad literature which helps to spread the news of California's unique contribution to dramatic art.

A special excursion will be run from Santa Ana Tuesday, Feb. 11.

#### E.P. RYLAND HEADS STATE FEDERATION

Protestant Churches Unite in Big Plans for Forwarding Religious Interests

Los Angeles Tribune: The Rev. E. P. Ryland, president of the Los Angeles Federation of Churches, has been selected as president of the newly organized State Federation of the Protestant church of California, and will lead that organization in an active program of work, which will include plans for evangelistic services during the exposition year of 1915 and a religious display at the expositions, as well as the advocating of many legislative matters on moral questions, including an active campaign planned for a rest day law.

Officers to serve with the Rev. Mr. Ryland in this state federation will be Dr. H. H. Bell of San Francisco, moderator of the United Presbyterian denomination, vice president; Lieutenant Governor A. J. Wallace, second vice president; the Rev. W. G. Gantz, pastor Highland Park Presbyterian church, recording secretary; J. E. White, San Francisco, executive secretary; Bishop William Bell, the Rev. William Horace Day and Dr. George White, members of the executive committee.

#### SEE IF YOUR CHILD'S TONGUE IS COATED

If Cross, Irritable and Feverish It Means Waste-clogged Bowels

No matter what ails your child, a gentle, thorough laxative physic should always be the first treatment given.

If your child isn't feeling well; acting nicely; eating regularly and acting naturally it is a sure sign that its little stomach, liver and 30 feet of bowels are filled with foul, constipated waste matter and need a gentle, thorough cleansing at once.  
When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.  
With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious fig taste.  
Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.  
Full directions for children of all ages and for grown-ups plainly printed on the package.  
Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

There will be a meeting of the patrons of Tustin school in the assembly hall Friday, Jan. 31, at 3 p. m. to discuss a new building or enlargement. By order of THE TRUSTEES.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

#### BUILDING ACTIVITY AT ORANGE GROWING

Orange Post: G. L. Jackson is receiving bids for building a five-room bungalow; in connection with the usual suite of rooms there are to be many built-in fixtures and modern conveniences, including a large sleeping porch.

L. D. Gunther has started work on a six-room one-story bungalow on the east side of South Glassell street. This house is so arranged that two rooms with bath can be rented separately if the one occupying the cottage desires to do so.  
Clate Stanfield of McPherson, is considering the subject of building at the present time. He has had plans drawn for a story and a half bungalow to contain eight rooms, bath, sleeping porch, cellar and other necessary features considered proper in a modern house.

Plans and specifications for the foregoing list of buildings were prepared by Architect C. B. Bradshaw of this city, who reports that work in the building line is improving and that everything points to a year of more than common interest in building activity in this section.  
The Friends Society are planning to build a parsonage adjoining the church at El Modena. The cottage will have seven rooms, including a study for the pastor. The plans call for a building of moderate cost and very neat appearance; the rooms are pleasantly located and conveniently arranged for the site chosen, which faces the north.

H. Schaffert is having plans drawn for remodeling the Schaffert Block. The old front is to be given way to one of modern construction and design, which will consist of plate and prism glass set in copper bars, galvanized iron cornice, with plaster of same. The wooden floor is to be taken out and one of cement laid in its place; iron columns are to be used instead of the wooden ones now in the building. When finished, Mr. Schaffert will have a handsome block which will compare very favorably with any now in the city.

S. P. Harriss is remodeling his two-story house at Villa Park, formerly owned by the late Joel B. Barker and built by him thirty or more years ago from plans procured from the east. This building is of concrete construction, octagonal in shape, with a cupola in the center of the roof originally; a wide porch extended entirely around the building. The changes made were to first remove the old porch and build a new one at the front and part way around two sides, also one at the rear; put an entire new roof on the house, which was done by using new rafters and boarding, covered with building paper and then with mission tile. Plaster pilasters were built at each corner of the house. The outside walls are to be coated with cream colored water-

#### GRAY FADED HAIR, OR BEAUTIFUL, DARK, ATTRACTIVE—CHOOSE, MADAM!

Says Sage Tea Mixed With Sulphur Restores Natural Color and Lustre

Gray, faded hair turned beautifully dark and lustrous almost over night, is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Hair Remedy" at drug stores here for about 50 cents. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.  
You just dampen a sponge or soft brush with Wyeth's Sage and Sulphur

proof paint, which will harmonize well with the red roofing tile, and the brown stain used on the pergola timbers.

#### JAPANESE FINED \$25 BY RECORDER

C. Naruta, proprietor of the Jap pool room on Sycamore street, between third and Fourth, paid a fine of \$25 in Recorder Willson's court late yesterday afternoon on the charge of allowing a minor in his place. Wednesday night Officer Ryan found Lester Warman, aged 14 years, in the place, and arrested both the boy and the Jap proprietor. The boy was fined \$3 by Judge Willson for frequenting the pool room in violation of the ordinance.

and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.  
This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. Rowley Drug Co.—Advertisement.

RAN INTO THE REAR END OF AUTOMOBILE  
P. E. Parsons, aged about 60, was riding a bicycle yesterday evening and ran into the rear end of C. F. Newton's automobile standing on the street. Parsons was thrown, and received a severe injury to his breast bone. While there was no fracture, the man is confined to his bed.

### SAMUEL HILL

In the death of Samuel Hill Santa Ana loses a most valuable and highly respected citizen—a merchant who was conspicuous in a community of high-class merchants for his straightforward and progressive methods.

Mr. Hill was a man of strong convictions and courage to match them, but mild of manner, considerate and fair. He was a close observer and a keen analyst, deeply and altruistically interested in civic affairs, and always ready both with monetary and moral support for every good cause or progressive movement.

During his long residence in Santa Ana Mr. Hill influenced the affairs of this community for good to a far greater extent than the average citizen knows of or realizes, and his passing, though at a ripe age is cause for genuine sorrow.

### A FRUIT IN A STERILE PACKAGE

With the increasing demand for fresh fruits at all seasons of the year has come the difficulty of supplying them in a condition in which the dangers of contamination are largely averted. Decay is one of the limiting factors in the use of fresh fruits. Among the many fruits there is one which is equipped in its native form with a protective covering that calls for more than passing mention. Some time ago The Journal of the American Medical Association emphasized the advantages afforded by the banana as a wholesome food and ventured the suggestion that this fruit, though growing in popularity, is still underestimated in American households. The banana consists, in its green state, largely of starch and water. The essential change during the process of ripening is a conversion of the starch into sugar. The rate of ripening is dependent on the temperature. The edible portion of each fruit is packed away in a peel which serves a more useful purpose than has hitherto been realized. Experiments on the fruit in different stages show that the inner portions of the pulp of sound bananas are practically sterile. The peel is singularly resistant to invasion by bacteria. Even when bananas were immersed in fluids containing disease germs they did not penetrate into the interior. The probability of infection through the peel is therefore slight, though germs on the peel might be transferred to the consumer's fingers and thence to the mouth. This is an interesting example of a food delivered by nature in practically sterile packages. Nature's wholesome service should not be undone by careless methods of marketing such foods.

### TALKING ABOUT MONEY

Senator Henry Cabot Lodge, in the January installment of his memoirs now running in a magazine, complains that one hears so much more talk about money nowadays. Formerly conversation liberally besprinkled with dollar signs was considered coarse and vulgar. Now the cost of one's own and his neighbor's possessions is a golden theme taking the place of the flash of wit and the sunshine of good cheer.

When a young man goes away from the town, the first thing discussed is the pay he gets. If he comes back in a few years, he tells his friends what salary he is getting by the time he is half way up from the railroad station. If his pay isn't worth telling about, he may not feel as if he dared to come back.

The man who gets his \$5000 or \$10,000 a year never fails to give all the harrowing details of his success to the boys who stayed at home and had been drawing their \$15 to \$20 a week with philosophy and peace.

Not that the cost of things must never be mentioned. Conversation would be priggish if this glittering thread of human interest were absent. You may very properly swap exploits at bargain hunting with your neighbors. The \$5.00 chair bought for \$1.99 is a part of the great game of bucking the high price tiger. The exchange of gossip across the back yard fence is a daily market report in many families. It gives the housewife valuable information in her daily struggle with the cost of living.

Here are two good rules:  
Never mention the price of anything to show how much you paid, but how little you paid.

Never tell your income to anyone but your wife, your creditors, or your banker.

### People Imbued With Great Confidence and Supreme Optimism

FROM THE ANAHEIM PLAIN DEALER.

People in the city from all directions have during the last ten days been practically unanimous in expressing the opinion that despite some admitted damage the outlook for an excellent year of prosperity is better at the present time than it was a year ago—and 1912, as it terminated, was the banner year in the history of the county.

Many people in from the southern part of the county, particularly from the great San Joaquin ranch country, during the last several days, report the outlook for big hay and grain crops to be excellent. The rains that have been had have accomplished a great deal and confidence is established.

Cabbage growers, who this year have out large acreage, are now confident that they will receive a good price for their product. Before the severe weather there was every reason to believe that the opening price would be very low. Crop damage,

not only in Southern California but in other cabbage sections of the country, has changed this outlook to one that is very favorable to good opening prices, with subsequent advances.

Orange growers are in vastly improved frame of mind, for they are now satisfied that their fruit losses will amount to but a comparatively small per cent of that anticipated immediately after the cold wave. Trees recovered smartly during the rains and a great improvement has since come about. Not near as much nursery stock will be lost either as was at first thought.

There are but repetition of the general talk now heard on the streets, all indicating confidence and enthusiasm regarding the future. Everybody realizes that damage might have been a great deal more than was sustained, while that which did actually befall this section was far less than that sustained in other parts of the state.

their economical movement of county affairs, and at the same time play a little politics. We are a firm believer in economy, but at the same time we can't see why the district attorney should be denied an extra deputy, for an extra superior judge is recommended

by this same body of men. Be consistent, gentlemen. The help that you have recommended for the district attorney's office will be absolutely no help to the present official, for supreme court decisions are very plain on that point. It does not seem that the lawyers on that Progressive committee should see this point. We hold no brief for the present district attorney, but we are a firm believer in a square deal for all, regardless of political affiliations.

Fullerton Tribune: Fullerton should have a building and loan association. The number of inquiries for houses which cannot be supplied grows larger week by week. Many strangers are turned away who could be secured for permanent residents if houses were available for them. There ought to be some means of providing for this demand. It is a constant loss to the town to have desirable citizens turned away for lack of room. There is in this opportunity a good source of income to men who have the capital to provide houses for rent. But they do not seem to take advantage of it. A building and loan association, if organized on proper lines, with men of reliable character and good sound business judgment for directors, would offer a splendid chance for profitable investment. No doubt many who could place a few dollars monthly in this way at a good rate of interest would be glad to do so, and it would benefit the town and community by meeting the demand which has long existed here for more houses.

Anaheim Plain Dealer: There is talk of consolidating the offices of tax collector and treasurer in this county, and letting Mr. Lamb out. Lamb has made a splendid record as tax col-

lector. Not only this, he has made friends who will regret his going. But if the work can be done as well by one man as two, that is the thing to do in these times of pressure upon the purse strings of tax payers. It is a step, however, that should be thoroughly considered before the making. \* \* \* Progressive reformers are divided among themselves as to the policy of raising the salary of the two proposed circuit judges for this county from \$4,000 to \$5,000 each per annum. Good men and true who can look the infamous recall in the face and do their duty regardless of it, are worth \$5,000 per annum, and are cheap at that. \* \* \* The grand jury recommended the addition of another circuit judge for Orange county and an increase in the salary of several of the officials of the county and the addition of several clerks. The laborer is worthy his hire. A decent salary to a decent, conscientious public servant is money well invested.

## FOR MR. SECCOMBE

### Japanese Tender Banquet to Minister Who Has Done Much For Them

The Japanese of Santa Ana gave an entertainment on Tuesday evening in honor of Rev. Chas. H. Secombe at the Japanese Mission. An elaborate banquet was served at 7 o'clock, the Dragon catering. The table appointments were charming, and a pretty color scheme of red and white was carried out with red and white candles, candles in the same tints of red and white, while red and white carnations gave the crowning touch to the coloring.

The list of guests included representatives of the Japanese Orange County Association with its president, the head of the Celery and Beet Association at Talbert, and other well known and representative Japanese.

Besides these were Mr. Secombe and his family; Mrs. J. A. Patton, the teacher at the Mission; and representatives of the Mission with Rev. Mr. Fujita as toastmaster.

Many tributes of love and honor were paid to Mr. Secombe by the speakers. Appreciation of Mr. Secombe's work among the Japanese and his wishes for their success were the themes of the speakers. Among these were G. Noguchi of Talbert; R. Yobumoto, S. Herokas and T. Narida of Santa Ana; S. Thara and S. Okada of Garden Grove; T. Takenaga of El Modena.

## DELIGHTFUL CONCERT BY MR. AND MRS. LEON RICE

For sweetness of tone; for voice and breath control and for lucidity of enunciation, no singer who has visited Santa Ana in recent years has equaled Mr. Leon Rice, who appeared in recital at the First Methodist Church last night. His singing is a joy to listen to, while Mr. Rice's personality and manner are in themselves invaluable factors in his wonderful concert success. His charming wife as accompanist is an ally whose value can hardly be estimated as the support she gives is unusually judicious. The art of successful accompanying is one not mastered by many.

Mr. Rice devoted himself last night to interpreting songs of foreign composers. The five quality of his voice was not so apparent in the groups of lighter songs in the earlier part of the program, but was more fully demonstrated in the Jewel Cycle, Dedication and Mother O' Mine. The exquisite rendering of the Jewel songs won instant appreciation. In Dedication, Mr. Rice's tones were absolutely pure and sustained throughout and his interpretation

tion was entirely consistent with the sentiment. In Mother O' Mine and in I Hear You Calling Me, the singer more nearly approached the dramatic than in any of his numbers. But the pure, inherent loveliness of his voice and the excellence of his method were most fully demonstrated in Mr. Rice's singing of The Monotone. His rendition of this number which if unskillfully sung is weird and raucous, was marvelous. His voice, beautiful all through the number which is sung entirely on one pitch, increased in charm and revealed in the final prangings a vibrant, chimelike quality that produced purest melody.

Mr. Rice has been heralded as the highest priced choir singer and as the singer with a princely salary awaiting him and one who has appeared in a record number of concerts, but it is as an artistic and sweet voiced singer with a wonderful method that he should be announced. The Epworth League has the gratitude of Santa Ana music lovers for bringing him here. The concert tonight will be given to American compositions and no one who appreciates unusual singing and an unusual singer should miss hearing Mr. Rice.

## Gift to Loved Leader

Last Saturday evening the Boys' Brotherhood of the Congregational Church sent a committee of their members to visit Rev. Mr. Secombe, who has been ill, and as a token of esteem to their former leader, presented him with a beautiful scarf pin of Chinese jade and a pearl dropping from it. Mr. Secombe was almost overcome by his surprise and his appreciation of this loyal act of the boys.

## Trip Around the World

The public is invited to take a trip around the world by attending the course of fine stereoscopic lectures to be given by Rev. C. W. Guthrie at the Free Methodist Church, 313 Fruit street. These lectures will commence next Sunday at 7:30 p. m. and continue each evening through the week at the same hour until Saturday.

The lectures cover 42,000 miles of travel. Mr. Guthrie is the only lecturer in America presenting a continuous trip showing views of every town and city visited. He recently conducted a series of lectures in the auditorium at Long Beach with an audience of 3,000.

The order of the lectures is as follows: Los Angeles to Venice, Italy; Venice to Damascus; through Palestine; Jerusalem and environs; through Egypt, Persia and Euphrates; India, China, Japan, Philippines; picturesque California.

## Teacher and Pupils Meet

The many friends and pupils of Prof. A. J. Elmer of this city, were interested to learn that Mr. and Mrs. Leon Rice, who gave so delightful a concert last night, were former pupils of Prof. Elmer. The meeting again of teacher and pupils was most warm, not having met for six years.

The success of the Rice's proves the teacher's rule, "Work, work and application will bring success," and indeed it has fired the present pupils of Prof. Elmer with a desire to keep patiently and persistently at work and at last reach a longed-for goal, and bring pride to the teacher and happiness to the pupil, as has been demonstrated by the success of last evening.

After the concert last night Prof. Elmer entertained Mr. and Mrs. Leon Rice, Mr. and Mrs. J. C. Stearns and Ray Lambert at the Cherry Blossom.

## TWO FEDERATIONS

### Parents and Teachers of Orange County and Santa Ana Form Organizations

Orange County now has a federation of parent-teachers' associations and the six parent-teachers' associations of Santa Ana have also been united in a city federation. These were the achievements of a called meeting held yesterday afternoon in the assembly hall of the Santa Ana high school building for the purpose of such organization if deemed feasible and best by the different associations.

There was a good turnout of both teachers and parents representative of the city schools and various parts of the county. City Superintendent of Schools J. A. Cranston was chosen to preside with Mrs. F. H. McElree acting as secretary.

Preliminary to the business of the meeting, the girls' glee club of the high school rendered two excellent choruses, and Miss Petro, teacher of oral expression in the Santa Ana schools, gave an excellent reading.

Reports were then given from the different parent-teachers' associations. Those in the city being heard from first and later those from Anaheim, Fullerton, Yorba Linda and Orange. All spoke enthusiastically of the work being done in their respective organizations.

Mrs. Noble, the state organizer, was then introduced and spoke fluently of her work, demonstrating what enthusiasm means and illustrating in a convincing manner the possibilities of these organizations through a federation. No intelligent person could oppose a federation of this kind after hearing Mrs. Noble speak. Her talk was intensely instructive, imparting just such knowledge as all wished to gain regarding the subject.

The work of organizing a county federation was quickly attended to and Mrs. Anna Hill was chosen as the temporary president and Mrs. Flagg of Anaheim was elected temporary corresponding secretary.

**City Federation Formed**  
The visiting delegation then retired and the remaining co-workers organized a federation of the Santa Ana parent-teachers' associations, with Prof. Cranston as temporary president and Mrs. McElree as corresponding secretary. The meeting adjourned after arranging a committee from each federation to plan for the next meeting, announcement of which will be made later.

## Evening Party

A party was given last night by Miss Edith Ensign at her home at Mrs. Raney's residence on North Main street. Music and recitations whiled away the evening. Toasted marshmallows were served. Those present were Mrs. Raney, Misses Wilson, Neilson, Husser, Heffner and Ensign; Messrs. Roberts, O'Neill, Payne, McConnell, Coddington and Heathman.

## Social is Postponed

The Calendar Social to have been held at the First Baptist church tonight is indefinitely postponed on account of the death of Mr. S. Hill.

## Travelers No. 2

The second section of the Ebbl Travel Club will meet with Mrs. J. E. Paul, 617 East Chestnut street, on Monday next at 2 o'clock.

## Travelers No. 1

The first section of the Ebbl Travelers will meet Monday, February 3rd, with Mrs. Terry Stephenson at 801 North Main street.

## A Jolly Time

The Amicus Club met at the home of Mrs. J. E. Livesey on South Main street Thursday afternoon with Mrs. Harry Spencer and Mrs. Livesey as hostesses. The large and comfortable living rooms were crowded with congenial members enjoying the beautiful midwinter sunshine and their pretty needlework. Some of the members were late and wisely but sadly paid their fines. Those absent will be assessed double next time.

It was decided that "The Girls" will entertain the boys next Wednesday evening, with a supper at the home of Mr. and Mrs. Dan Adams. A good time is expected.

At 4 o'clock the hostess invited the guests into the spacious dining room to partake of delicious shrimp salad, nuts, olives, cookies, Cupid chips and coffee. The center-piece was of cut La France roses and ferns. The hostesses were assisted in serving by Mrs. Elmer Preston. The next meeting.

## AT THE COURTHOUSE

### BUILDING CONTRACT IS PUT ON RECORD

City Attorney Completes Documents and They Are Signed by the Contractor

This morning City Attorney Heathman put on record the contract and bonds of George C. Condon of Los Angeles, contractor for building the manual arts building of the polytechnic high school group. The contract for the building is at the price of \$40,474.

## Final Decree

A final decree of divorce was given today to Nina B. Croft against Bernard C. Croft, a Los Angeles police officer. The decree was given on the application of Attorneys G. L. Hoodenpyl of Los Angeles and Dick Harding of Santa Ana, who represented the woman. Since the interlocutory decree was given Mrs. Croft was sent to the insane asylum at Patton.

## Bell Is Appointed

This morning Judge West appointed Attorney J. H. Bell to defend Edward Holt, charged with destruction of jail property.

## Makes a Report

County Game Warden Robinson today filed with the county clerk his first monthly report, showing what he has done in January. The fore part of the month was taken up in days spent in trying to get the appointment. Here is an item: "Jan. 6.—Hung around the courthouse looking for a job."

## To Quiet Title

Suit to quiet title to two lots at Fullerton was brought yesterday by William H. Monett against A. E. Monett, administrator. Williams & Rutan represent the plaintiff.

### WM. B. HERTZ COMPANY AT THE MIRROR THEATER

Although the inclement weather prevented the attendance at the Mirror Theater last night of many of our theater goers, the theater was packed to the doors to see the sensational playlet entitled "Self Defense" by the Wm. B. Hertz Company.

The characters were well played by all the actors. Mr. Wm. B. Hertz as the excitable lady winner did some clever work. Mr. Rosmer as the disappointed lover gave an admirable portrayal of character acting as well as Mr. Moe Kertz as the wronged friend, kept the audience tense with expectancy.

One can be proud of the Mirror Theater. The management is sparing no expense in getting good talent for the theater.

Tonight will be the only opportunity left to see "Self Defense" before it starts on a western tour.

### ITALY'S KING SAYS U. S. NAVY AMONG BEST IN THE WORLD

ROME, Jan. 31.—King Victor Emmanuel yesterday gave an audience to Lieutenant Commander Richard D. White, who presented, in behalf of the American secretary of the navy, two books. One was the last report of the navy, and the other photographs of all the warships with the sports, drills and exercises of the men.

His majesty said it is his opinion that the American navy is among the best in the world.

# Bulletin Is Issued By the County Union

The following items are sent to the press for publication by W. W. Goble, Christian Endeavor Union press agent:

The petition for a chapel in the new county hospital was successful. Eight hundred and eighty-five names were secured in the one day devoted to the work of securing signatures to the petitions circulated throughout the county. About a hundred names came too late for use.

Some of the societies observed Christmas very appropriately. The Santa Ana Presbyterian society gave eight rocking chairs to the county hospital. The soap boxes that some of the old men still have to use are not very comfortable, and more chairs are needed. This same society also sent a Christmas box containing a present for every child in the Presbyterian Orphanage at San Anselmo. The Anaheim Presbyterian Juniors sent a Christmas box valued at \$14 to the same orphanage. Every few weeks this society takes a bouquet to every patient in the Anaheim Sanitarium. Such work is pleasing in the Master's sight.

On New Year's Eve the Huntington Beach Christian Society held a "watch-night meeting." That is far better than greeting the new year on "Broadway" or in the cafe.

On December 8 the Anaheim Presbyterian society celebrated its twenty-second anniversary. May their shadow never grow less!

Many societies are organizing classes in Expert Endeavor; is yours? There are a great many vacancies to be filled before our company of 200 experts is complete.

Begin saving your nickels and dimes for the Los Angeles International Convention, July 9-14. The Union vice presidents have been named a committee to secure the names of all who are planning to remain in Los Angeles through the whole convention and are willing to

stay at Orange county headquarters. This must be done so that the proper subcommittees of the convention committee can assign a suitable place for our use. If you wish to stay at Orange county headquarters notify your district vice president at once. Felt penants for free distribution to all who expect to attend the convention are now in the hands of these officers. Ask about them. There is one for you.

A new county banner is needed. The old one is older than many of us. We also need a large felt banner for display at the convention. We want the most artistic and symbolic banner obtainable. We want anyone who has an idea for a banner to make a drawing of the design, and send it to Miss Fanny E. Remington of Fullerton before March 1. Miss Remington is chairman of a committee which will examine all designs and make a selection.

Be sure to attend the Los Angeles county convention at Long Beach on February 22 and 23. We have re-

ceived a cordial invitation from T. A. McBurney, Los Angeles county president, to attend William Shaw, general secretary of the United Society of Christian Endeavor: Dr. Hallenbeck, Dr. Lapsley McAfee, Tom Hannay, Paul C. Brown and Arthur J. Gatter are some of the shining lights on the program.

Mr. Shaw's program is as follows:  
February 22, 4 o'clock p.m., conduct the general conference.  
February 22, evening address. The County Anticipating—Los Angeles 1913.

February 23, 2 o'clock p.m., address Intermediate rally.  
February 23, evening address, Fruit Bearing, Matthew 7:20.

The Huntington Beach Christian society members are willing to work as well as talk. They are doing the janitor work of the church, the same to apply on a \$100 pledge they have made for church support. \$100 is a big pledge for a society of 23 members.

A new society was formed in the Presbyterian church at Placentia on January 26 with thirty members. The Orange County Union is growing, not like a bad weed, but like a sturdy oak.

Remember the coming third district rally at Anaheim on February 2, and that of the second district on February 9. Those who were absent from the first district rally in Santa Ana on the 26th didn't know what they were missing, or they would have been there.

If your society is doing anything worth while, it is doing something worth telling others about. Each society where there is a newspaper or publicity committee to report the doings of the society to those who are not in it, and who, perhaps, would like to know what is being done. If your society is not located where there is a newspaper, and there is a correspondent in the neighborhood for some outside paper, be sure that the doings of the society are given mention. Things worthy of note in the paper are parties and social affairs, special meetings and outside speakers who are going to be or have been in attendance at your meetings. Publicity for a good cause will do much good. Be sure that your society has a press committee composed of members who will see to it that the society's light is not hidden under the bushel of non-publicity. A good pamphlet for the guidance and use of the press committee is "Christian Endeavor Ink," which may be secured from Fowler Brothers, 542 South Broadway, Los Angeles.

Executive Meeting, Orange, Jan. 12  
The resignation of Miss Myrtle Wilson as hospital superintendent was received with regret. Miss Wilson's services have been greatly appreciated by the union and we are sorry that she cannot continue with the work. C. C. Collins of Santa Ana was elected to fill the vacancy. Mr. Collins has been conducting very successful services at the county hospital, and will prove very efficient in the greater work of the county superintendency.

Reports were received from almost all of the county officers and societies of the union, and other business transacted. The attendance, both of county officers and society presidents, was very gratifying, and pleasing to all.

"Doctor," said the man who was looking for an investigation witness, "is that great financier now under your care well enough to testify?"  
"I can," say until I have held a consultation."  
"With whom?"  
"With his lawyer."—Washington Star.

## Hill's Corner

We started in last fall with the largest stock of corrugated iron that we ever carried, but the sales have been greater than expected and we have been compelled to buy at later and higher prices in order to meet the demands.

We are compelled to make a higher price than that made last fall, but we are now inside the Los Angeles price and we expect to supply all demands.

Our stock of STOVES and HARDWARE is equal to all demand.

We are making IRRIGATING PIPE and expect to keep at it.

### LOS ANGELES PRODUCE MARKET

The poultry market has been very steady as a general thing lately according to prominent dealers, although a little easier feeling is reported in some quarters. The supply is very good, but it is met by quite a lively demand, and changes have been small. A considerable amount of poultry is going into storage for the spring trade, one of the dealers said yesterday, as the supply of fresh fowl is limited at that time. The market gives no indications of any particular change at present.

Each egg declined 2 cents; the market exhibits an easy feeling, owing mainly to increased receipts. There may be a further decline, although it will probably not be very precipitate. Butter remained fairly steady at 40. There was one sale on the Produce Exchange as low as 37 cents, but it had not particular effect on the market. Cheese was practically the same.

Potatoes, onions and sweet potatoes were weaker. Sweet potatoes were selling as low as \$1.75 a sack, potatoes and onions as low as 80 cents a sack. Some varieties of dried beans were reported firmer by certain dealers. Fresh lettuce, cabbage, cauliflower and the like are improving in quality. It will probably not be long now until the market returns to practically its old position.

## FLAT SALARY BASIS THE RULE

(CONCLUDED ON PAGE TWO)  
reduces the allowance for office help from \$900 a year to \$700. It is reported that a bill has been prepared to slice off \$25 a month allowed for a statistician. This however, does not appear in the county government act. Hitherto the \$25 a month has been paid to a deputy in the auditor's office.

**Salary Be \$2000**  
The bill consolidates the office of treasurer and tax collector, and prohibits the Board of Supervisors from separating those two offices. A salary of \$1000 a year is provided for this office as treasurer and \$1000 as tax collector, making \$2000 for the officer. In addition, deputies are allowed just as will be allowed under the temporary bill. There will be a deputy treasurer, as now, at \$75 a month; one chief deputy tax collector for nine months at \$75 a month, with \$1700 additional for office help.

**Cuts Office \$1000**  
The assessor's office is cut \$1000 per year. That is there will be that difference between the annual salary total under the temporary bill and the total under the permanent bill. The temporary bill gives the assessor two additional field deputies. That means that under the temporary bill the assessor will get \$3500 a year, with a chief deputy at \$1200 a year, and nine field deputies to serve four months at \$130 each, with \$400 for office help. The permanent bill provides a salary of \$2500 for the assessor, and gives him no additional help. At present the assessor uses part of his \$3500 to pay office help.

**No New Deputy**  
The district attorney's office gets the same provisions in the permanent bill as given in the temporary. That is, \$2500 for the district attorney, \$1200 for a deputy, \$720 for a stenographer and \$300 a year for the employment of another deputy. The last two items are in addition to the provisions now in effect. The district attorney says he can get no good from the help proposed by the temporary bill, as he cannot legally accept it.

**No Changes Made**  
The new measure makes no changes in the offices of coroner and public administrator, which are on a fee basis; gives the superintendent of schools \$2250 a year as now and a deputy at \$65 a month, as provided in the temporary bill; leaves the surveyor on a per diem of \$8; makes no changes in the compensation of justices of the peace, constables, supervisors and jurors.

### CABLEGRAM CAUSES ARREST OF LOS ANGELES MAN IN LONDON

LOS ANGELES, Jan. 31.—Victor C. Fisher, former cashier of the Crescent Creamery Company, Los Angeles, was arrested in London today on the request of the Los Angeles officials sent in a cablegram on January 25th, following his indictment here by the county grand jury on the charge of embezzlement. The specific sum is \$1200, although the authorities claim that other sums were embezzled at various times.

NEW YORK, Jan. 31.—Mrs. Finley J. Shepard, who was Miss Helen Gould, is booked to sail with her husband by the Cunarder Mauretania on February 12.

### CLAIMS FRIEDMAN SERUM CURED HIM: TREATMENT SUCCESS

PERLIN, Jan. 31.—Dr. Otto Stutz of Upper Sandusky, Ohio, a tuberculosis sufferer, after an injection of Dr. Friedman's turtle serum, claims he is certain he is cured. He is gaining weight, his lung pains are gone, and his appetite has returned. He declares he is sure the treatment is a success and asks American doctors to withhold their criticism.

### Down the Scale

A certain bride is very much in love with her husband and very willing to admit it. She likes to sound his praises to her mother and to her girl friends. She has a number of original expressions. When her husband is good she says he is "chocolate cake, three layers deep." When he is very good he is "chocolate cake, four layers deep," and so on up the scale. Occasionally, however, things take a turn.

The bride's mother dropped in the other day. The bride was a trifle peevish, but her mother pretended not to notice this.

"And how is John today?" was her inquiry. "Chocolate, four layers deep?"

"No."

"Three layers deep?"

"No."

"Two layers deep?"

"No." This with a pout.

"Then what is he?"

"Dog biscuit!"—National Monthly.

### Carved With Pocketknife

A clever carved model of the capitol at Washington, D. C., has been made by Prof. George F. Sayres of Stokesville, Va. The carving is of wood and was made with no other tool than an ordinary pocketknife, not even a carpenter's square being used on it. The carving consists of more than a thousand pieces. The wood used is poplar, white pine and white walnut. The height of the building is ten inches to the crest of the Liberty statue. The structure is two feet long and about eight inches wide.

The grounds contain 141 trees, made of felt of different shades of green, which supply a beautiful and artistic setting for the work.

## 130 FAMILIES MAROONED BY FLOOD

40 People Rescued from Float,  
Ill from Exposure—Beulah  
Crevasse Widening

JACKSON, Miss., Jan. 31.—News of the plight of 130 families marooned by the flood from the Beulah crevasse in the Mississippi levee was received in a letter appealing for help written to Governor Brewer yesterday. The writer, a woman, said many of the families were without shelter while others were imprisoned in the lofts of their homes without food. Lack of boats has retarded rescue work.

**Marooned on Saw Logs**  
MEMPHIS, Tenn., Jan. 31.—Ten families, forty persons in all, haggard and ill from five days' exposure while marooned on a float of saw logs, were brought to Memphis yesterday on the steamer City of St. Joseph. Their homes near the mouth of the White river had been washed away by the Mississippi flood waters. Half of them were sent to hospitals for treatment. The Beulah crevasse is widening, and engineers have abandoned their work of trying to hold its ends. The full crest of the flood will not get to Beulah until the first of next week.

## THE NEW STATE MINERALOGIST IS ON THE JOB

SAN FRANCISCO, Jan. 31.—Fletcher M. Hamilton, the new state mineralogist, in telling of the instructions he received when he was appointed, quoted Governor Johnson as follows: "That bureau has been a morgue for twenty years; I want you to accomplish something. If that can't be done it would be better to close it up and save the \$20,000 a year it is costing the state. I think, however, that there is an opportunity there to render our mining industry a valuable service, and it is up to you to demonstrate that this can be done."

Hamilton is already busy on plans to "accomplish something." He wants to get into the field, he explains, rather than merely "exist" around the bureau offices. He believes that it is the investigations in the region where the minerals are to be found that count.

The new mineralogist is 31 years old, a graduate of the University of California, and has had nine years' active experience in mining work. He describes Governor Johnson as "a friend but a stern taskmaster in the present situation." However, he thinks the achievement will be all the greater if he can convince the governor that the bureau is worth while and that it can perform a real service.

**"STAR SPANGLED BANNER" MAY BE NATION'S Anthem**  
WASHINGTON, Jan. 31.—A joint resolution to make the "Star-Spangled Banner" the official anthem of the United States was introduced yesterday by Representative Levy of New York. It also provides "that whenever the 'Star-Spangled Banner' is played on any occasion at any public place where persons belonging to any branch of the government service are present, they will stand at attention, and all other persons will stand, such positions being retained until the last note of the anthem."

**THORPE WILL PLAY WITH NEW YORK NATIONALS**

CINCINNATI, Jan. 31.—James Thorpe, the Indian athlete winning the all-around athletic championship of the world at Stockholm and who was recently disbanded for professionalism, has signed a contract to play with the New York Nationals, according to a message received by President Harman of the National Baseball Commission.

**LUNCH SERVED**  
The Helping Hand of the First Baptist church will serve a light lunch Saturday, February 1, at Morrill's Grocery Store, beginning at 11 o'clock. Cooked foods also on sale. The public is invited.

## ELECTRIC HEATING AS A SUBSTITUTE FOR SMUDGE POTS

The very valid objection to smudging which is voiced by so many householders emphasizes the importance of the suggestion of Chief Engineer Pillsbury of the Pacific Electric, to the San Bernardino Sun, that during the latter part of the night when artificial heat is needed, there are tens of thousands of electrical horsepower available—going to waste, in fact, that might be available for electrical heaters placed closely under the trees in threatened sections.

It goes without saying that the application of an electrical current would be the simplest method of supplying heat. What the expense of heaters and the installation of such a system might be, has not been figured, but the point made about the great supply of electricity available during the very hours that the temperature is inclined to hit the low levels, is instantly impressed, and for that reason the plan is worth a test.

### PROMINENT SPEAKERS FOR THE ORANGE SHOW

SAN BERNARDINO, Jan. 31.—A number of the prominent men of the state will participate in the opening ceremonies of the third National Orange Show on the evening of Monday, February 17, the exposition running throughout the entire week.

The list of those who will make five minute talks includes men prominent in the citrus industry, in the transportation world, in governmental affairs and in the business world. No long dry talks will be heard, each of the addresses being short and of an interesting character.

Officials of the chambers of commerce of the state, and mayors also, have been invited to be special guests of the orange show on at least one day during the week of this great citrus fruit exposition. Several of the state officials and other prominent men will also be guests of the show.

Fruit growers and packers throughout the entire state continue to assure their support of the show and the number of exhibits will this year far surpass those of any previous year. New ideas in the manner of arranging displays will be worked out in every department, brilliant illuminations at night being one of the leading features.

### LOS ANGELES COUNTY TO FIGHT MORNING GLORY AND CANADIAN THISTLE

LOS ANGELES, Jan. 31.—Two new pests, the wild morning glory and the Canadian thistle, have been discovered by the country horticultural commission, according to a report filed yesterday with the board of supervisors. The commission reports that it is making a hard fight against these two pests, together with the Johnson grass, against which the commission long has waged a vigorous warfare.

## REVIEW OF THE ORANGE AND LEMON SITUATION

**Frost Responsible For Market in Which Buyers are Scared Stiff**

In comparison to what other orange growing sections are doing, this county has been laying low since the freeze. While other sections have been bending every energy to get fruit to market, this section has been waiting for developments.

There is a very good reason for this, a most excellent reason. The reason is that about all the unfrozen oranges there are in Southern California are right here in Orange County. If the rigid inspection prescribed by acts in numerous eastern cities is carried out the good oranges ought to have a show in the markets for extra high prices, after the present unrest has passed away.

There is no question but that the eastern buyers are scared stiff. Rejection of cars and the widespread discussion concerning the ill effects of eating frozen fruit has undoubtedly hit the market hard. Along with that is a rush of oranges that were picked and shipped before they began to show the effects of the freeze. In those districts where the fruit is all hit, the only chance to get anything out of the crop is to join in this rush.

Because of the fact that this county has a considerable portion of its crop unquestionably free from frost, the policy of laying low has been adopted. Some oranges touched by frost have been shipped from this county and also considerable fruit undoubtedly free from frost has gone forth. Since the frost but forty carloads have gone out from this county, however, a small shipment in comparison to what is going from other orange growing counties.

Most of the shipments have been from Anaheim, Placentia and Tustin. Gowen & Willard of Santa Ana have sent out two carloads of unfrozen oranges. The Tustin Packing Co. has shipped four carloads. Two are still on the way east. Two have reached Chicago, and yesterday G. B. Shattuck, owner of the Tustin Packing Co., got a telegram stating that the two cars had been thoroughly inspected by pure food inspectors and pronounced free from frost. The oranges have not yet been sold.

Between Sept. 1 and the freeze this county shipped about 700 carloads of oranges.

Every orange man who has been through the Riverside, Corona, Redlands, San Bernardino, Highlands, Pomona and other districts of Los Angeles, Riverside and San Bernardino counties declare without question that this county got off very lightly indeed. Trees in this county even where it was coldest are not harmed, and in many sections the fruit and tender growth were not disturbed.

The Riverside Press says:

**Riverside is Shipping**

Fruit shipments were heavier last week than was expected. 62 cars of oranges and six cars of lemons were shipped. Most of this fruit was sent out by the National Orange company and some of the independent shippers. The exchange houses were idle. The Arlington Heights exchange and the Riverside exchange are not expecting to ship any this week. The National Orange Company is packing and will get out a few cars. Some shipments will be made by other shippers. There is a disposition, however, to hold off now and see how the fruit sent out since the frost sells in the east and how the recent rail laid down by the pure food board affects the situation. It is not expected that the shipments by the end of this month will reach a total of 600 cars.

**Season's Shipments**

The report of carload shipments for the season of 1912-13 now stands as follows:

Oranges Lemons

January 1-11	48
January 13-18	61
January 20-25	62

Total ..... 500  
Total shipments citrus fruit to date, 530 cars.

**Redlands Ships a Few**

Redlands Review: The packing houses were not beehives during the past week, but the coming week promises more activity. Hundreds of fruit workers, who came here before the holidays expecting to work through the season, have left during the past week. Should an emergency arise for the quick handling of considerable fruit in one week the packing house men would find themselves short of help. Most of the Redlands packers say that after this week they will ship but little for a few weeks.

The growers are more interested in the coming crop than they are in the present. Indications are that the crop will be as large as usual.

The total shipments last week were 31 cars as compared with 31 cars of the same week last year. The total shipments now are 717 cars against 427 at this time last year.

No lemons were shipped, so the total stands as previously reported: 4 cars and 195 boxes, 312 boxes making up a carload.

**Fruit World Review**

**Fruit World:** The orange market is declining. Even the fairly light shipments that have gone forward have not held up prices, as the situation is one that tends to instill lack of confidence in the minds of the retailers, jobbers and shippers.

All kinds of prices and propositions are being made. Some brokers are busy with cash "orders" at 50c a box f. o. b. for the off fruit going forward; in other cases this 50c is a guarantee on the consignment basis, but it is doubtful as to the advisability of shipping fruit this way, with the chances of the grower getting anything, being as poor as they are. These offerings are the lowest prices so far, as some cars that were carefully selected since the freeze under brands that the trade knew were doubtful have realized as much as \$1.10 f. o. b. The average sales delivered on this class of fruit are around \$1.40 f. o. b. and with shipments as light as they have been it is possible that prices around this figure could be realized if growers would select their fruit with care. The supply of merchantable fruit under the most favorable methods of distributing and shipping will be very limited and growers that have good fruit left can feel quite safe in holding in anticipation of very good prices unless they feel certain that the fruit will dry out or drop very shortly.

Lemons are selling at higher prices than ever before known at this time of the year. The demand, however, cannot be said to be strong at prevailing prices, and the present outlook is for an easier market.

met all the expenses of the research work that has been pressed with unceasing vigor since the endowment was made. The impression among medical men throughout the city is that discoveries of a startling nature have been made.

### AN EJECTED TENNANT PUTS UP HARD FIGHT

Orange News: Charged with non-payment of rent and a refusal to relinquish possession of his place, John Swanson, a tree pruner, was forcibly evicted from a house at the rear of the Litooy building today. The action produced a lively scene of acrobatics with the tenant and the city marshal in leading roles.

It is alleged that Swanson, who some believe, is slightly unbalanced mentally, was six months in arrears with rent. He was notified January 15th to evacuate, the house having been rented to another tenant. Swanson refused and when they came to oust him this morning, he put up a vicious resistance. First he barricaded the door and when entrance was finally effected he stubbornly fought of the officers. After some difficulty he was landed in the city jail. The house was locked up and disposition will be made of Swanson's goods as he desires. Later he was released after agreeing to make no further trouble.

### WOMAN'S CIVICS CLUB TOLD OF CLEVERLY

Mrs. A. J. Lawton Writes Interestingly in Woman's Bulletin of Santa Ana Club

[By Mrs. A. J. Lawton in the Woman's Bulletin.]

The following able article is reproduced from The Woman's Bulletin, for which it was written by Mrs. A. J. Lawton, president of the Civics Club of this city:

Motto: "We believe that any work to be highly effective must be founded on knowledge."

The thought expressed in the above motto was the main incentive for the organization of the Woman's Civic Club of Santa Ana. Realizing that the granting of suffrage to the women of California brought responsibilities with the privilege, the women of this city recognized the need of such an organization.

The word "civics" in the broadest sense means anything pertaining to a city or citizenship; it is a little word of vast significance and within late years has drawn to itself the sober thought of thousands of American women. Quoting from an article headed "The Old Order Changeth," we find this statement: "Three longer adjectives than the word 'civic' were wont to describe the purposes of the women's clubs of a decade ago—literary, social and philanthropic. But today a word of five letters, CIVIC, has come to vitalize, and in some cases actually to replace, these older activities for which thinking women unite. How needless was the widespread fear that woman's attempt to spell the task would work havoc to the social structure! Might she not, forsooth, start from what certain hoary maxims of politics and business would call the wrong end? She might, and indeed, often did; but for the very reason that her point of view and angle of attack are often the reverse of man's, she has taught the important lesson that the word 'civic' may be spelled with accuracy from whichever end approached."

The work taken up thus far by the Santa Ana Civics Club has been both educational and practical. Talks to the members have been given by professional and business men of the city on questions of interest. A committee of the club has assisted the City Health Officer in sanitary inspection, and the club members have co-operated in a movement for a general clean-up of Santa Ana.

The organization of the club was effected a few months prior to the presidential primary election, so the first programs were given over to representatives from the several political parties. One program of especial interest was given by members of the City Council and Chamber of Commerce, outlining plans whereby the local Civics Club could co-operate with these bodies.

At another meeting the club was addressed by the City Health Officer and the principal of one of the city schools; the former gave suggestions for health and sanitation, while the latter spoke on the successful results of the introduction of gardening into the schools. The amendments voted upon at the last general election were discussed at one meeting by one of the leading lawyers, and the County Good Roads Bonds question was ably handled by a popular banker.

During the past year the club members gave two programs, one on "The City Beautiful" and another on "Municipal Improvements."

The deep interest recently shown by the women of the city in the matter of a proposed city charter for Santa Ana proves conclusively that they are thinking for themselves. The subject of the charter proved a lively topic for a meeting prior to the election, at which time both sides of the question were ably presented.

The proposed legislation concerning women, which will come before the present session of the legislature, will be discussed at the next meeting of the Civics Club. An arrangement has been made with the legislators from this district whereby the club will receive copies of these bills as soon as they are presented and printed. These will be carefully studied, and during the vacation between the divided session of the Legislature it is planned to have our State Senator and Assemblyman come before the club and discuss these bills.

In making plans for future local work it will be the aim of the club members to study the needs of the community and take up the line of work which seems most necessary, trying to avoid the mistake of attempting to fit a round peg in a square hole. At a recent meeting of the club it was voted to send a written request to the City Council of Santa Ana asking for the passage of municipal ordinances expediting the work of city improvements.

Truly the old order changeth. While much of the work pertaining to government and the duties of citizenship must necessarily fall to men by reason of their technical training or business experience, at the same time women have demonstrated both the inclination and the ability to render distinctive service.

### CANCER CURE AND PREVENTION MAY HAVE BEEN FOUND

NEW YORK, Jan. 31.—Discoveries as to the origin of cancer that may revolutionize medical practice and prevent and cure the disease that has puzzled scientists for centuries, became known yesterday coincidental with the passage of the bill for the incorporation of the Harriman Research Laboratory in the Senate at Albany.

For three years and a half persistent research into the causes of fermentation has been prosecuted in the Roosevelt Hospital under the endowment made by Mrs. Harriman shortly after her husband's death in 1909. The research has been conducted by three chemists, and, although no details of the discovery could be ascertained, it was understood that they would be public as soon as further proof had been deduced.

The new laboratory will be erected in the grounds of the Roosevelt Hospital. Mrs. Harriman has made a handsome endowment for it, and has

look with horror on skin eruptions, blotches, sores, pimples. They don't have them. For all such troubles use Bucklen's Arnica Salve. It glorifies the face. Excellent for Eczema or Salt Rheum, it cures sore lips, chapped hands, chilblains; heals burns, cuts and bruises. Unsurpassed for piles. 25c at all druggists.—Advertisement.

## PIER'S PLANS ARE ACCEPTED

City Trustee Declares Beach  
City Marshal Is Not Capable  
Officer

HUNTINGTON BEACH, Jan. 31.—The plans of Ernest Rothenberger, a Los Angeles engineer, for the \$70,000 reinforced concrete pier have been accepted by the city trustees and bids for building it will be called for next week. It is expected that work on the pier will be begun some time in March.

At a special meeting of the city trustees held here Wednesday evening, Trustee Charles H. Howard, chairman of the police committee, declined to serve longer in that capacity as long as the present city marshal holds office. Mr. Howard declared that he is not a capable officer.

The Board of Trade has protested against the closing of the agency of the Southern Pacific company here, as doing so necessitates the prepayment of freight on all consignments sent to this city over that road. The recent report of the company's auditor showed that its business in this city had increased largely during the past year in spite of competition by the electric railroad.

An unusually interesting meeting of the Woman's Club was held here

this week when papers were read by Mrs. S. L. Blodgett on "Nutritive Value of Foods," by Mrs. Mary V. Bushard on "Home Economics," and by Mrs. Charles C. Smith on "The Part of a Man in the Family."

## WANT SANTA ANA HIGH SCHOOL TEAM TO ENTER CONTESTS

Efforts to secure the entry of a full team from the Santa Ana High School in the third annual Pacific Coast Interscholastic Meet to be held on the University of California oval April 4 and 5 are now being made by the committee in charge of the affair. A campaign to have alumni of the school who are attending the University communicate with friends in their home town urging the entry of a team was started this week and is to be followed up later with the mailing by the committee of entry blanks and a final announcement of the events now down on the two-day program.

Letters already received from scores of schools up and down the coast indicate that the meet will not only be the leading event in Western interscholastic athletics during the spring but is to rank in point of attendance and records with the long-established high school meets of the East. In the interscholastic at Berkeley last year nearly sixty schools were represented and three hundred athletics participated. World's interscholastic records in the mile run, broad jump and shot put were equalled and a number of local records shattered.

**Inside Baseball**  
Once more the baseball game has been revived in Santa Ana. It doesn't seem possible but nevertheless it is so, and it took an eastern man to revive it, or rather invent it, for it is really an invention. It is called Inside Baseball, and is figured on a percentage basis from all the plays made during the season of 1912 by the Boston-American team. Every play on the diamond is on this board which is 17x17 inches square. The game has been indorsed as the only scientific ball game ever produced by John J. McGraw, manager of the New York Giants, Christy Mathewson, the great pitcher, and Hans Wagner, the phenomenal shortstop of Pittsburgh. No need of going to the ball game now. You can stay at home and be just as much interested with inside baseball as you would at the grounds.

**Could Shout For Joy**  
"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.—Advertisement.

## Pacific Coast News Letter

WASHINGTON, D. C., Jan. 31.—That the contest brought by Judge I. G. Zumwalt against his seat for the Second California district will be thrown out by the House committee on privileges and elections, although Zumwalt is a Democrat, is the opinion of Wm. Kent, radical Progressive, who laughs at the charge that he used too much money in his campaign. Kent is so busy fighting the free canal tolls' proposal that he has not paid much attention to the attack on his position.

It appears that the proposal for the pardon of F. A. Hyde, convicted in the Oregon land fraud cases along with Benson and others, has been under consideration by President Taft for some months. Hyde's friends—who are not friendly in any wise to Francis J. Heney, the prosecutor in the case—have been bringing strong pressure upon the president to save Hyde from actually serving the prison sentence from which he has appealed. The president has left the inquiry up to this case to Attorney General Wickersham, and the latter has gone into it at some length. Although the report made to him by the trial judge has been adverse, Wickersham has shown a disposition personally to hear the claims of the friends of the convicted man, who have come from the Pacific coast for that purpose.

The Rev. Fr. McQuaide of San Francisco, who as an army chaplain in the Philippines was closely associated with the then governor Taft, is said to be one of the most loyal friends of Hyde. He has been at the capital for the past week, and it is understood that he has said a word in behalf of clemency for the former land speculator.

Oranges at 60 cents a dozen in the ordinary sizes. That's the gloomy prediction made to the effect east by General R. S. Saloon, of San Francisco, past grand commander of the G. A. R., as the result of the recent frost in California. He has told folks at the national capital that California produces normally 15,000,000 boxes of the golden fruit each year, but that since the big freeze in the southern end of the state every man, woman and child in the United States will have to get along with two dozen less oranges in 1913 than ordinarily. Since some of us refuse to be deprived of our citrus dainties, we are going to bid desperately high for it. At least, the General gives that as his candid opinion.

The fourteen rollcalls taken in the senate upon the guilt and punishment of Judge Archbald of the Commerce Court showed Senator Bourne 13 times against the accused and also absolving him from blame; Senator Poindexter voted 10 times against Archbald, and on 3 counts in his favor; Senator Chamberlain was 7 times against, and 6 times in defense of the respondent; Senator Jones and Senator Works each bal-

anced 7 counts against 7, while Senator Perkins pronounced Archbald guilty on the first 5 charges, and not guilty on all others.

The 14th rollcall, determining whether Archbald, after expulsion from his place on the bench, should be forever disqualified from holding any office under the United States, was answered against the convicted man by Bourne, Chamberlain and Poindexter, and in his favor by Jones, Perkins and Works. Had the former group voted with the latter, Archbald would be eligible for further honors on the bench, as the vote was 39 to 35.

Congressman Hawley of Oregon appeared before the board of engineers for rivers and harbors, recently, on behalf of the proposed \$2,000,000 improvement and restoration of the north harbor jetty at Coos Bay. He was backed by a delegation led by C. A. Smith, the timber king, who has a \$5,000,000 plant at that point and intends to add a \$1,000,000 paper mill this year. In the delegation were L. J. Simpson, president of the Coos Bay port commission, Col. Wm. Grimes, J. T. McCormick and D. C. Green, of Marshfield, and T. J. MacKinn. The engineers will report an estimate which will go into the appropriation bill.

"That's the result of an agreement made with Ralph Williams, Republican national committeeman from Oregon, at the June convention in Chicago," was the comment of Congressman Lafferty when he heard of President Taft's nomination of Thomas McCusker to be postmaster at Portland. "On page 428 of the appendix of the Congressional Record, for last session, you will find that in a speech of last August I quoted the remarks made July 26 in the Oregon Progressive state convention by Bruce F. Dennis, in which he told of having been informed by Williams that Williams could be re-elected committeeman by McCusker's help, and that McCusker 'wanted a job.' McCusker was elected as a delegate instructed for Roosevelt, yet he stayed and voted for Williams and the Taft program." Lafferty has wired to President-elect Wilson congratulations upon the latter's stand for active progressivism.
